Swachhata Hi Seva

Swachhata Hi Seva

Special assembly was conducted by grade 10 students where in the importance of cleanliness was shared. Cleanliness as a value plays a vital role in our lives was prominently addressed by referring to various real life experiences seen around. As the senior most students of the school their stories and words put a strong impact on all other children. Followed by students reflections in the class along with their class teachers. Mast.Yash Barve, Vaibhav Jagpat ,Roshan Shinde, and Krushna Patil integrated IT and Arts in presenting the logos on SHS .

Awareness Campaign.

Students of grade 6 to 10 actively participated in the awareness campaign where they went around in the surrounding community to spread the awareness to limit the use of single use plastic, also students shared the alternatives for plastic use. Students initiated conversation with the general public about the impact of plastic on the environment.

Tree Plantation

Steps towards a Greener World School Students.

World Environment Day was celebrated on Thursday 6th June 2019. Various activities such as planting saplings ,digital poster making and pencil art memory drawing on the theme "Air Pollution" was conducted. Grade 9 and 10 students worked collectively for the protection of Earth and emphasized on the need to build a greener world. These activities helped the students reflect on their actions and thoughts. Every small effort made by each individual counts towards environmental change.

Tree Plantation by Students

Environmental conservation is the need of the hour considering the issue of global warming. Grade 9 and 10 students planted Teak saplings near Mahirawani, Trimbakeshwar on 3rd Sept 2019 under ‘One Child One Plant’ campaign. Teak (Saag) tree was selected for plantation from the lot of 100 rare tree species. Awareness was created among the students by giving information about various trees, tree plantation and care to be taken post plantation. This initiative was taken by students as a step towards green environment in order to conserve the green belts as well as the flora and fauna of the local environment.
